

Psalms 19:1-6

Sunday 07/20/2025

I. Review

Today we are going to finish up our study on Psalms 19:1-6. As you know we have been coming through the book of Psalms verse by verse, leaving no stone unturned and dealing with every aspect of it. When we got to Psalm 19 without a doubt this has been one of the best studies that we have ever done. There is so much material found in this passage. I told you last week about a principle that I have used called the iceberg principle. What you see on the surface of the Bible is only ten percent. Ninety percent is underneath the surface. The key for every child of God is to be able to go beneath the surface and see what the Bible is all about.

We have laid out the book of Psalms doctrinally as it deals with the prophetic side of things, and inspirationally, how it fits into your life and mine. We have tried to allow God's Holy Spirit to open up the passage, but there is so much here. With just the material I have given you over the last couple of months, you could spend the rest of your life developing it and never get to the end of it. Let's read together for our final time in this particular study Psalms 19:1-6.

Psalms 19:1-6

- 1.The heavens declare the glory of God; and the firmament sheweth his handywork.*
- 2.Day unto day uttereth speech, and night unto night sheweth knowledge.*
- 3.[There is] no speech nor language, [where] their voice is not heard.*
- 4.Their line is gone out through all the earth, and their words to the end of the world. In them hath he set a tabernacle for the sun,*
- 5.Which [is] as a bridegroom coming out of his chamber, [and] rejoiceth as a strong man to run a race.*
- 6.His going forth [is] from the end of the heaven, and his circuit unto the ends of it: and there is nothing hid from the heat thereof.*

You will remember as we came through the book of Psalms, I told you that the key to breaking down the book of Psalms for our understanding is to realize that each individual Psalms will be one of three things doctrinally. You get this down and it opens the door to them.

- 1.) Tribulation Psalms – Picture of the Jew going through the tribulation period
- 2.) Second Coming Psalms – These deal with the second coming of Christ and Israel through David as he goes through his tough times asking God to deliver him and God coming down and delivering him.
- 3.) Millennial Psalms – Dealing with the millennial reign of Christ, when Christ comes back and establishes His millennial kingdom

As we come through Psalms, I have been showing you what each chapter represents so you can get them in your Bible. I told you that Psalms 19 will be a millennial Psalm, doctrinally, as it applies to the future. This Psalm will be a reference to a time in the future when after Christ comes back and all of His creation is now at rest and the heavens declaring the glory of God in every way. We will see this as we go on today. For us right now in the world that we live in this is an incredible insight into everything that God created. Romans 1:20 says,

For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made,

We have really used this verse as we have come along through here. I have shown you how the heavens **do** declare the glory of God, day after day, and night unto night. Also, how it deals with the gospel presentation in God's second heaven through the gospel of the stars.

➤ We Learned Why we are Where we are at in God's Plan & How it Unfolds in the Second Heaven

Let's look back for a few moments so we can stay within the context of where we are going today. We talked about previously in relationship to the sun, moon and the stars. They are all mentioned in Genesis 1, and all have a key role that we went through. Each one will be a part of declaring God's glory. We talked about the twelve constellations of the Zodiac. There are eighty-eight constellations in total, but twelve of them form the parentheses, so to speak, around the Earth. It is a picture of God's panoramic view of God's glory which takes place 24/7. Then I took you back to Genesis 1 and Psalms 148 and showed you the Bible's definition of the word heaven. In the Bible the word heaven is called a firmament in Genesis 1. A firmament will be an expanse of space. To us, outer space is a firmament. This is completely misunderstood today as to the definition because of the way things are taught and preached. Within that I showed you there are three heavens. When you say that, the average Baptist goes bonkers because he is worried which one is he going to go to when he dies. It has nothing to do with that. Psalms 148 lays out very clearly the three heavens or three firmaments.

- First Heaven Atmosphere
- Second Heaven Outer space
- Third Heaven God's Throne

I had a guy years ago challenge me on the third heaven. He didn't believe there were three. I said "Well, don't say that too loud because the Bible says in 1 Corinthians 12 that Paul was caught up to the third heaven." Then I laid out one of the most comprehensive studies in all the Bible, the second heaven which we call outer space. Basically, understanding where we are at in this second heaven on planet Earth. Why we are where we are at in God's plan and how it unfolds in the second heaven. These three heavens are broken down for you in Genesis 1 built around paragraph marks. You know how important paragraph marks are in the Bible. Many times, in English grammar paragraph marks will give you a different subject. But in the Bible, they are used many times to give you a different dispensation or different doctrine. The only Bible on planet Earth that has the paragraph marks in it is the King James 1611 Authorized version.

Every other one has taken them out. I broke these four phases down and showed you that the basic shape of the second heaven is like a pyramid.

Somebody sent me an email this morning that showed this big picture of what this guy's perception (he is a scientist) of the universe (2nd heaven). This scientist said that scientists are rethinking the shape of the universe (2nd heaven). Guess how he laid it out, a pyramid! I broke it down into four phases of God's plan through history and then into the future.

Last week I talked about the eight ordinances of heaven that are found in the Bible. Eight celestial objects that God by name tells us about. When you study them out, God created them and placed them in the second heaven. To the best of my limited ability, I showed you how they fit into God's overall plan. But also, how God will teach us inspirationally what they picture in all that God will do for us. By making us better and preparing us for His coming day when we have to stand before the Lord.

➤ Two Passages That Pulls it all Together-They Shows us God's Eternal Plan

I think without a doubt the greatest **two passages** in the Bible that pulls all of this material together and shows us God's eternal plan will be just two places. When I found these two places over 40 years ago, I had a view of the Bible and of God. I am not saying it was wrong because the guys that taught me were very solid on it. But when I saw these two verses and I began to understand them. It changed my whole perspective about God in the Bible. It changed my whole outlook on when I study the Bible because now, I had the big picture, so to speak. It put everything in context.

The **first one** I have given to you and have kept it before you over and over again so that you will get it too. It is found in Isaiah 9:6-7

6.For unto us a child is born, unto us a son is given: and the government shall be upon his shoulder: and his name shall be called Wonderful, Counsellor, The mighty God, The everlasting Father, The Prince of Peace.

I showed you how in the **verse six you have the first coming of Christ, second coming of Christ and millennium**. All by punctuation. Let's look at it again.

*For unto us a child is born, unto us a son is given: (colon, that is the first coming of Christ)
And the government shall be upon his shoulder: (colon, second coming of Christ)
And his name shall be called Wonderful, Counsellor, The mighty God, The everlasting Father,
The Prince of Peace. (This is the title of Him in the millennium).*

You see verse six shows us the first coming, second coming, and the establishment of His government in the millennium when He comes back. Now look at verse seven.

7.Of the increase of [his] government and peace [there shall be] no end, upon the throne of David, and upon his kingdom, to order it, and to establish it with judgment and with justice from henceforth even for ever. The zeal of the LORD of hosts will perform this.

Those two verses give you everything you need to know as far as a context of how God and what God is going to do in the establishment of His government. It shows you the first coming, the second coming and then the beginning of His millennial reign of Christ. The whole plan of God in just two verses that you can begin to dissect and work.

The **second one** will be Romans 1:20, which we have already talked about. It is the greatest key that I saw once I understood Isaiah 9:6-7. It taught me that everything that God created that is physical will be a picture of something that is spiritual. When I study the physical, it will always lead me back and show me the spiritual.

For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, [even] his eternal power and Godhead; so that they are without excuse: Romans 1:20

You miss these two verses in your Christian life; you better join the Salvation Army, because you are in trouble. I laid out for you how when God comes back and establishes His government, that government is for the Jews, the Gentiles and the Christians. So, God has new heavens, a new earth and a new Jerusalem.

I have spared no time or teaching on this over the last couple of months. I did everything I know how to do. The reason for that is as your pastor, I want my people to know their Bible. I understand that some people don't want that, and I am okay with that. But I also understand that in this particular church, many of you do. I watch you young men try to grab up everything in the Bible that you can. I watch you young ladies try to mass everything you can. My older guys are working with you, and gals are working with you through Discipleship 1,2 and 3. You are working as fast as you can to learn your Bible. Unfortunately, today in the world that we live in most pastors and Christians will know a lot about the Bible; but that is not the same as knowing your Bible.

II. Give Attendance to Reading, Exhortation & Doctrine till Christ Comes Back

Paul told Timothy in 1 Timothy 4:13, till I come, give attendance to three things. He said you do these three things till Christ comes back. He said, reading, exhortation and doctrine. Those three things translate in a practical way for you and me that once you get saved, the rest of your life you do three things with that Bible. You read it, reading. You preach it, exhortation and you know it, doctrine. The doctrine will always be the prophetic aspect of whatever God is doing.

Till I come, give attendance to reading, to exhortation, to doctrine. 1 Timothy 4:13

There are 31,176 verses in your King James 1611 Authorized Bible. All the other Bibles don't have that many because they throw out a lot of verses. In time, in your pursuit of reading, exhortation and doctrine. You ought to have in your Bible all 31,176 verses detailed out historically, doctrinally and inspirationally at your fingertips. That is why we have wide-margin Bibles over there in the bookstore. That is why we have all those special pens over there that

you can write in your Bible. I want my people to know their Bible. I want you to be able to open it up and wherever you go, you know what you are talking about and what you are dealing with.

➤ The World is Supposed to be Confused. God's People Are Not!

Today is our last time in Psalms 19:1-6. I want to put everything that we have talked about into an understandable context of why things are the way they are today on planet Earth. The world is on fire. The world is in a mess. The world is a mass of confusion, disinformation, and misdirection. It is the worst time in the history of planet Earth. Most people don't understand that is the way it is supposed to be before the Lord Jesus Christ comes back. The whole world is supposed to be confused. The whole world is supposed to be caught up in disinformation. God's people are not. **We have the truth.** We have the light that cuts through the smoke. We have the truth that permeates the hearts and minds of God's people. We have the answers to the confusion. But everything you see around us today is preparing for the Lord to come back. It is all based on what we have studied and learned so far. So, the value of today of what I am going to give you in this final lesson will be better understood because of all the other things that I have given you so far.

➤ God Has Given Us the Greatest Book the World Has Ever Seen,
Yet God's People Will Trade it

You know understanding is the key. In life you have knowledge, you have wisdom, and you have understanding. Those three are mentioned in the Bible. Knowledge is the assessment of facts. Wisdom is your ability to take those facts and to use them. But understanding will only be how God fits into the equation. When you look at life, you can see it and look at planet Earth, anything in history and you see the facts, you see the wisdom. Then when you put understanding to it, you see God's hand down through time and history. This will be a lot easier today now that we have laid out all that we have, and you have a good base for ending this.

You are now going to see how the second heaven and that deep up there that we have talked about and the glory of God will all fit into 2025. Your life and mine. I will be honest with you. This is something that most of God's people never think about. There is so much in the world to take you out of your Bible. There is so much going on around you to take the place of the Bible in your life. This is the tragedy of God's people. God has given us the greatest book the world has ever seen. God has given us the most perfect inspired truth that contains every aspect of truth that is in God's mind, put in the volume of a book. Yet God's people will trade it. They will trade it for something in life. They will trade it for something that when God comes back is not going to be worth very much. God's people need to understand why things are the way they are today. Not just on planet Earth in politics, the wars, the countries, and all of those things. But what is going on up there

III. Why Was the Earth Shaken Out of Its Place & Quarantined?

I told you in Genesis 1:1-2, when all of that took place and Satan, based on Ezekiel 28, Isaiah 14 and Revelation 12-13, led a revolt. Satan looked like he was over all of God's creation and kingdom back then. The Bible calls him the anointed cherub or the covering cherub. He wasn't happy with that, and the Bible says that pride lifted him up and he wanted to be not like God, he wanted to be God. So, he leads a revolt against God. The Bible says in Revelation 12 and 13 that a third of the angels decide to go with him. They make up the unclean spirits today, fallen angels. When that all took place the whole second heaven changed. I showed you in Phase one how and when all this took place and that great galactic war that happened. How long? I have no idea. But I showed you in Phase one and Phase two how the Earth before was at the top of the second heaven where God's throne is at, the third heaven.

Now it is very clear from Isaiah 13:13 and Job 9:6 that the Earth is knocked out of its place. That is what it says.

Therefore I will shake the heavens, and the earth shall remove out of her place, in the wrath of the LORD of hosts, and in the day of his fierce anger. Isaiah 13:13

Which shaketh the earth out of her place, and the pillars thereof tremble. Job 9:6

The second heaven now is filled with water. After God divides the water from the water (Genesis 1:6) we now have the second heaven, the firmament which we call outer space.

And God said, Let there be a firmament in the midst of the waters, and let it divide the waters from the waters. Genesis 1:6

But what is the reason the Earth is now quarantined? The earth was at the top and now today the Earth is somewhere near the bottom. I don't know exactly where, but she dropped out of her place. Why? Because God's plan cannot be infested with fallen creations. So, God took the earth and put it down and quarantined it for 6,000 years. I am going to show it to you. He quarantined it so that sinful man could never get back into outer space and contaminate outer space. I am going to show it to you. The Earth is quarantined somewhere toward the bottom, second heaven. That will be Isaiah 66:1 and 1 Corinthians 15:27.

Thus saith the LORD, The heaven [is] my throne, and the earth [is] my footstool: where [is] the house that ye build unto me? and where [is] the place of my rest? Isaiah 66:1

This is very important! Based on what I just told you of how it was knocked out of its place. God puts Adam and Eve down on planet Earth in Genesis 1-2. If you read it carefully in Genesis 1:27-28 God gives Adam dominion and then gives him his mission. Look at Genesis 1:27-28. I am going to prove my point here.

27. So God created man in his [own] image, in the image of God created he him; male and female created he them.

28. And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, **(There is the mission)** and subdue it: and have dominion **(Here is the dominion God gives Adam)** over the fish of the sea, and over the fowl of the air; and over every living thing that moveth upon the earth.

No outer space! He never gave man dominion over the second heaven. **Never!** Most people don't even know the reason why He never gave them dominion over that. It is because during this time, the second heaven, what we call outer space, based on Isaiah 27:1 and Psalms 104 and Daniel 10 we see that dominion is given to the devil himself. The great Leviathan who in Isaiah 27:1 says it plays in that sea.

In that day the LORD with his sore and great and strong sword shall punish leviathan the piercing serpent, even leviathan that crooked serpent; and he shall slay the dragon that [is] in the sea. Isaiah 27:1

You see that man can overcome the birds. He can get in an airplane and fly around Mach 1 or Mach 4, whatever he wants to do. He can shoot rockets and all that suff. He can subdue all the sea. He can kill all the whales, kill all the octopus and go hunt squids so we can eat them. He can do all that. We dominate Earth. He can hunt deer or bear or rabbits or quail. We have dominion over all that. Up there is somebody else's domain. So, God took the Earth out of its place now it is down here somewhere quarantined. During God's time of redeeming man, man could never in his sinful nature get back up there and contaminate it all. God moves the earth out of its original place and sets it as his footstool to keep man as a sinful fallen creation from contaminating the second heaven.

IV. Genesis 6 Another Piece of the Puzzle

In Genesis 6 here it comes! A little more piece of your puzzle. The Bible says the sons of God came down in Genesis 6:1 and cohabited with human woman and produced a race of giants. You will find this in Genesis 6:2 and Jude 1:6.

That the sons of God saw the daughters of men that they [were] fair; and they took them wives of all which they chose. Genesis 6:2

They came down from that second heaven, outer space. Satan's domain that we were never given dominion over. Satan brings them down to take over the earth by having his fallen angels impregnate human women. Then they produce a race of giants.

And the angels which kept not their first estate, but left their own habitation, he hath reserved in everlasting chains under darkness unto the judgment of the great day. Jude 1:6

Nobody believes that today! To be honest, I don't give a flip. The Bible is the Bible! The standard teaching is that the sons of God came down and cohabited with the daughters of men.

They say the sons of God were saved people who came down and married unsaved women. There are two problems with that. We have that happening today all the time. I don't see any giants walking around. Somebody told me that those sons of God are born again. Born again? How do you get born again when you can't get born again till the Holy Spirit of God comes? The Holy Spirit of God didn't come until the day of Pentecost. You see many times a lie is easier to believe than the truth. The devil will make that happen. So, they come down from the second heaven, outer space. They impacted the human race to such a point that they all got wiped out in a flood. But even after the flood, man looks at the heavens and he names the planets, the constellations and everything after those sons of God. Mercury, Venus, Jupiter, Mars, Saturn, all constellations.

V. God Changes the Languages at the Tower of Babel

Then in Genesis 11 the whole earth becomes one language. The whole earth becomes one race. It is a picture of the one world government of the antichrist. What do they want to do in Genesis 11? They want to build a tower whose top may reach unto heaven. Now, do you think that is the skyscraper? They wanted to get contact back with those sons of God. They wanted to bring them back again.

You ought to go through the Bible and see the couple of times in the Bible when man does something that God takes interest in. Most of the time in the Bible whatever man does God just says, "Okay pal, have at it. We will see how that works for you." There are a couple places in the Bible when man does something, and God comes down and looks at it and stops it. You ever seen that? You ever see what God said about what they were doing in Genesis 11 at the tower of Babel? He says that I am going to come down and stop this because whatever man imagines to do he is going to be able to do it. He said that in Genesis 6 also, so he stopped it

5.And the LORD came down to see the city and the tower, which the children of men builded.

6.And the LORD said, Behold, the people [is] one, and they have all one language; and this they begin to do: and now nothing will be restrained from them, which they have imagined to do.

Genesis 11:5-6

Now I have got a few extra minutes here. I love how he stopped it in Genesis 11. The whole world is one. It is going to be that way when the antichrist comes. That is why this is a picture of the antichrist. Everybody is one language. Everybody is one and the unity and the power they had of putting all the great minds together in one language, one nation, one purpose. Incredible! So, they are building this tower and God comes down and looked at it. Couple of angels come down with Him. He is checking that thing out and you can hear the construction, the iron hammers going and the pickup trucks and all that stuff. God's looking at it and he said, "You know what? I am going to shut this down." Angel said, "Are going to flood the world again, Lord? Are you going to renovate it and destroy it by fire?" The Lord said, "No, no I am not going to do that, not yet." God says, "You know what? I am going to change the languages." In the blink of an eye, a guy down here is saying. Hey, throw me up a couple of bolts. By the time it gets up there it is this, *Hey, deine Mutter ist das Hässlichste, was ich je gesehen habe.* The guy

says, “What?” He translates that and says, “Your mother is the ugliest thing I ever saw in my life.” You know what the Bible says happened? In one fell swoop, God brought in all the different languages. Broke up the one world government and the Tower of Babel and set man back 5,000 years. Man today, 5,000 years later, still hasn’t overcome that. God fixed it again so man couldn’t get back up with those sons of God. Whatever their plan was, I have no idea, but I guarantee you it was not going to lead to the glory of God, but the contamination.

VI. Man Will Never Get to Mars or Any Other Planet

Now, I am going to make a statement, and I will come back here in a little bit and show you. This is why we will never get to Mars. I know what Elon Musk says. This is why man will never get to Mars or any other planet in our solar system. We may get into a little kitty car and go around the moon or get satellites up. We may have a bunch of guys up there in the space station, but it is a whole other world entering into that solar system. I am sorry. Who doesn’t like to think about that? The dream of man traveling to distant stars and colonizing distant planets. You are never going to do that. You are not going to explore brave new worlds. You can’t do that in a spaceship with a space suit in a rocket going warp speed 7. If you are going to ever do that you are going to need a glorified body. I got one ordered size seven! I don’t need Scotty to beam me up! My Lord Jesus Christ is going to beam me up just fine!

I will show you why we will never be able to do it. But when Isaiah 9:6-7 starts, that will be a different story. God’s original plan will be reinstated. Right now, as I showed you in our time past, God put that little parenthesis in here of free will. God to redeem his fallen creation, man. But when that ends, we go back to Isaiah 9:6-7. I showed you how the Bible says that it started in the Garden of Eden, and it ends in the Garden of Eden. Again, I want my people to know their Bible. I really do. I don’t want you just to know some things about the Bible. I mean, we talked about Ephesians 3:18 where he says that we as God’s people are to comprehend the height, the breadth, the depth and the length of God. I want my people to know that.

Okay let’s start with this. This is going to be hard for some of God’s people. If you are listening to this it may be a little rough for you to take. Back in my day what I am about to give you is Bible 101. Here is the problem. The closer we get to the Lord coming back, the farther we get from the Bible. The devil makes sure of that. We have come so far from the Bible with all the new translations that destroy everything doctrinally in those Bibles that we can’t find God. Here we are as Christians supposedly with God’s word, saved. Yet Hosea 8:12 talks about the nation of Israel, which is also a picture of us. He says when Israel got into the position that they were in where they dumped God, just like we have. They dumped God’s word, just like we have. You know what Hosea says? He says the great things of God have now become the strange things to God’s people.

I have written to him the great things of my law, [but] they were counted as a strange thing.

The great doctrines of the Bible, the great teachings of the Bible. But because God’s people don’t know their Bible, they have become strange things.

VII. What and Who is God?

I am going to answer the question today to the best of my limited ability. I don't have a degree. The only degree I got is my BA, a number of years ago. I was born again, and I found out that is the only one I need. But here we go! The age-old question answered today. What and who is God? I don't know how many times I have tried to witness to somebody and had them look at me and say, so who is God. What is God? You go to Alcoholics Anonymous or Drug Anonymous or whatever those places are, and they will tell you that the key to your future and your addiction is getting a higher power. I like that! You can make that be whatever you want. We look at God today as a great marshmallow in the sky, the grandfather of time. God's people for years have been brainwashed and bushwacked by pastors and teachers. Who have no idea of who God is that they are trying to serve. I find it comical with most of God's people. Over in Acts 17:23 when Paul was preaching on Mars Hill with the Greeks, the Athenians. He said he saw a description and I know that they are pagan, but we ought to put the same inscription over most of God's people's houses. You know what the inscription was? To the unknown God. We know more about our pets and animals than we do about God. We know more about our iPhones than we do about God. We know more about our computers and all of this and that, than we do about God. We spent all our lives trying to figure out all of these things. I watch some of you kids text on your phones. I don't know how you do it. You are texting at light speed. If you could use your fingers to walk through the Bible the same way, you would know some things about God.

Okay so what and who is God? I mean we pray to God; we witness for God; we thank God, we tell God all these things. And yet, if you had to open your Bible and explain who and what God is, you might just put the verse there in Acts 17, to the great unknown God. It is the difference between knowing some things about the Bible but not really knowing the Bible.

➤ Two Types of Radiation – Solar and Cosmic

Here we go. Within our second heaven, outer space, you have two types of radiation. If you have been saved 15,20 years or more, why don't you know that? That is Satan's domain. It is clearly laid out in the Bible (Romans 1:20). You have solar radiation, and you have cosmic radiation. Both are deadly and will kill you when exposed to them for any length of time. You will find in 1 Timothy 6:20, Paul talks about the world's science, and he calls it science falsely so-called.

*O Timothy, keep that which is committed to thy trust, avoiding profane [and] vain babblings, and oppositions of **science falsely so called:***

I am going to give you biblical science today because the Bible is the best scientific book on the planet. Solar radiation comes from the sun and would kill everybody on planet Earth. Except when God made the Earth and our atmosphere the first heaven, He put in a layer of protection that blocks the harmful rays of the sun. X-rays, light rays, heat rays. What He put around it is called a magnetosphere.

It filters the solar radiation and the cosmic radiation and keeps it at a tolerable level that doesn't kill everybody. If you are in space outside Earth's atmosphere, a ship of astronauts. If they were

ever hit with a solar flare, which is a burst of solar radiation, it would fry all the electrical equipment and leave them stranded to die of radiation poison. In fact, in 1972 with Apollo 17 they came very close to that happening.

Then we have cosmic radiation. Cosmic radiation is also deadly to human beings. Science, falsely so-called, has no idea where cosmic radiation comes from. They know that solar radiation comes from the sun. But they have no idea where cosmic radiation comes from. Here again, the earth is protected from these rays by our layered atmosphere. All the other planets have no atmosphere or very little compared to earth. So, the solar and cosmic radiation bombard these planets with deadly radiation 24/7.

➤ If you Want to Know What & Who God is, Study the Sun

Having said that, if you want to know what and who God is, we must start in John 4:24. It tells us that God is a spirit. God is invisible.

God [is] a Spirit: *and they that worship him must worship [him] in spirit and in truth.*

1 Timothy 3:16 says that God was manifested in the flesh, Jesus Christ. Jesus Christ was the visible appearance of an invisible God.

*And without controversy great is the mystery of godliness: **God was manifest in the flesh,** justified in the Spirit, seen of angels, preached unto the Gentiles, believed on in the world, received up into glory. 1 Timothy 3:16*

John 1:18 says that no man can see God at any time.

No man hath seen God at any time; *the only begotten Son, which is in the bosom of the Father, he hath declared [him].*

Based on Romans 1:20 if I am a Bible believer, and I believe what it says. Then when I want to understand what and who God is, the key to me understanding that will be the sun that God created.

For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made Romans 1:20

You are already told in Malachi 4:2 where it talks about the second coming of Christ. You got the greatest key there. It says the “**Sun of righteousness**”. Talking about Christ but it isn’t spelled S-O-N, it is spelled S-U-N.

*But unto you that fear my name shall the **Sun of righteousness** arise with healing in his wings; and ye shall go forth, and grow up as calves of the stall. Malachi 4:2*

If you want to understand who God is and what He is, then study the sun. The sun is one gigantic nuclear explosion; trillions of tons of energy released every second in the form of nuclear fusion. The study of atomic structure from the Bible will be a study of the power of God. We are told our sun will be a type and pattern to understand who He is. Just like last week I gave you in Hebrews 8 the tabernacle that Moses was told to make. God said, “You make that one on

earth after the pattern up here.” I told you if you want to study that, you want to learn about the three heavens, study the tabernacle. It is a pattern, the heavenly one and the earthly one.

Stay with me! You begin to see all this unfold in Hebrews 11:1-3. I want you to turn there. Where you find God and faith related to atomic structure of atoms. I want my people to know their Bible. We have a job to do to reach this world before Jesus comes back. Knowing your Bible will be the key.

*1. Now faith is the substance of things hoped for, the evidence of things not seen.
2. For by it the elders obtained a good report.
3. Through faith we understand that the worlds (You see worlds is plural. There is more than one world) were framed by the word of God, so that things which are seen were not made of things which do appear.*

In Hebrews 1 you know what you have? You have “worlds” in the first three verses.

Hath in these last days spoken unto us by [his] Son, whom he hath appointed heir of all things, by whom also he made the worlds; Hebrews 1:2

If you have an NIV or any other new Bible, you know what they do? They take the word “worlds” out. Just like in Acts 19:35 they take the word Jupiter out. What kind of mind do you think is behind a Bible like that? God told you there are worlds, and they take it out so you can’t find the worlds. You don’t have to be smart to figure this out. You just got to be the fastest one in the slow class and believe what God told you. He says the worlds *through faith we understand that the worlds were framed by the word of God*. Watch it! *So that things which are seen were not made of things which do appear*. You know what that is? That is atomic structure. You are sitting in a chair right now. That chair is held together with things that you can’t see. These walls, this building, your car, everything out there is held together so that we can exercise faith in. But it is made with things that we can’t see. Atomic structure. Romans 1:20, *the invisible things are clearly seen and understood by the things that God made*. An atom has three parts, like God, like the battle on planet Earth. God, the devil and the Earth. An atom has three parts. It has electrons, protons and neutrons. The electrons are negative, the protons are positive, representing God and the devil. They spin around each other in a little thing called an atom that nobody can see, but it is holding everything together. The two should fly off and repel. It is like taking two magnets and trying to put them together, they won’t go. The negative and the positive spin around in a circle. They should fly off into the universe. Something holds them together. Colossians 1:16-17 says,

16. For by him were all things created, that are in heaven, and that are in earth, visible and invisible, whether [they be] thrones, or dominions, or principalities, or powers: all things were created by him, and for him:

17. And he is before all things, and by him all things consist.

If you want to create an atom blast, an atom bomb, or an atom explosion, all you have to do is take that atom and split the negative from the positive and you got Hiroshima and Nagasaki. Now that is some kind of picture of God. The three parts. In 1945 Dr. Robert Oppenheimer a

Jew, split the atom. His project that they worked on for years to actually take that atom of three parts and split it was called Project Trinity. So, when we see and understand that by the things that God made, we see the sun is a type of God the Father, x-rays, light rays and heat rays. Like our pattern in Hebrews 8. Now we know what He really is and why man cannot see God and live, Exodus 33:20.

*And he said, Thou canst not see my face: **for there shall no man see me, and live.***

When you have nuclear power, which is a type of God, you have two aspects to it. You have nuclear power that you can put in a reactor or run a city. Put it in a submarine and it will sail for 20 years. Put in an aircraft carrier it will fuel it for 40 years. It is great. It can be used in a great way. You take that same nuclear fission and put it in a bomb, you destroy the world. That is God. On one hand of God, the power of God, is peace that passes all understanding. The other hand of God is the second coming of Christ and God's judgment to this world. I want my people to know their Bible.

➤ Christ – Liken to a Blinding White Light

Okay, let's go down under the surface. Do you ever see how God is represented in your Bible? Have you ever paid that much attention to it? Or do you just read through it to get home so you can do something you want to do? Ever connect the dots, so to speak? In Revelation 1:14, Matthew 17:2, Daniel 7:9, Matthew 28:3, Mark 9:3, Luke 9:29, Revelation 20:11. Do you know what it says? It says that Christ is likened to a blinding white light. Matthew 17 says at the mount of transfiguration that His face shone **LIKE** the sun, and His raiment was white as the light. Bright as the sun, white as the light.

*And was transfigured before them: and **his face did shine as the sun, and his raiment was white as the light.** Matthew 17:2*

If you watch a nuclear explosion and you don't have dark goggles on, it will burn the retinas out of your eyes if you are 100 miles away. All those bombers that fly around with those atomic bombs have a blast shield that when they drop that bomb, they close that blast shield because if they don't that bomb is so bright, the white is so light it blinds those pilots. White light, liken to Christ is pure light.

God gave me a great example this morning. I am in the bathroom all dressed, getting ready to go. Barb comes in and says, "I really like that black shirt you have on." I said, "Honey, it's not black, it's blue." She said, "It looks black." So, she goes down and gets in the car. I get my stuff and walk out in the sunlight. I said, "See honey, it's blue." She says, "I get it, but it looked black in there." I told her right then; I am going to use this today. You see, in the house you have fake artificial light. The fake artificial light will always show you the wrong color. But when I got outside and got the light, white light of the sun, type of Jesus Christ, it showed the true color of my shirt. But I am telling you the world will always show you the wrong color of something. You got to get the white light out of that Book to get the right perspective on things.

So right now, God is holding it all together. He is holding the negative and the positive. Christ and the devil. He is holding it all together to accomplish His plan, fulfilling His plan. But there

is a time coming when the Bible says in 2 Peter 3:10-13 and Isaiah 65:17 that God is going to renovate, not only the Earth, but the whole second heaven, outer space, with fire. 2 Peter 3:10 says

*10. But the day of the Lord will come as a thief in the night; in the which **the heavens** shall pass away with a great noise, and **the elements shall melt with fervent heat**, the earth also and the works that are therein shall be burned up. 2 Peter 3:10*

*11. [Seeing] then [that] all these things **shall be dissolved**, what manner [of persons] ought ye to be in [all] holy conversation and godliness, 2 Peter 3:11*

*12. Looking for and hasting unto the coming of the day of God, wherein the **heavens** being on fire **shall be dissolved, and the elements shall melt with fervent heat?** 2 Peter 3:12*

This is God renovating the Earth, first heaven and second heaven. If that isn't a nuclear blast, my friend! You know what He does? This same God who is holding all those atoms together, Hebrews 11, when He is ready, He just splits all those atoms and the whole second heaven and first heaven and the earth, gone! One major nuclear blast. Isaiah 65:17-18 says,

17. For, behold, I create new heavens and a new earth: and the former shall not be remembered, nor come into mind. Isaiah 65:17

*18. But be ye glad and rejoice for ever [in that] which I create: for, behold, **I create Jerusalem a rejoicing, and her people a joy. Isaiah 65:18 (He creates a new one!)***

Did you ever see what happens in the Bible here? The people that are here when this happens. Look at Zechariah 14:12. The Bible is so clear on it. You have just been hanging out in the wrong places.

*And this shall be the plague wherewith the LORD will smite all the people that have fought against Jerusalem; **Their flesh shall consume away while they stand upon their feet, and their eyes shall consume away in their holes, and their tongue shall consume away in their mouth.***

Did you ever see the pictures of the victims of Hiroshima or Nagasaki? That is exactly what happened to them. Their skin melted. Their shadows were burnt. The light was so bright and so powerful that on a concrete floor a person was standing got burnt to a crisp, but the light burned his shadow into the concrete. White blinding light. I don't understand it all, but God is some kind of incredible source of light and power that sits at the top of the third heaven. He fills this second heaven with cosmic radiation and light that permeates out of the throne of God.

Here is how you put it all together for now. Putting the deep, the second heaven in the proper context. I laid this out earlier and a couple of weeks ago. Right now, the water of the deep is at the top of the second heaven. We looked at that and we know how that is. He divided the water from the water. It is that water, that deep, that great sea that Leviathan plays in Isaiah 27:1.

*In that day the LORD with his sore and great and strong sword shall punish leviathan the piercing serpent, even leviathan that crooked serpent; and **he shall slay the dragon that [is] in the sea.***

That great deep is so vast and so wide and so deep that the light of God's throne is filtered out coming through that water. You take that deep away and there would be no need for the sun. There would be no need for the stars. The light of God would fill the second heaven. I am going to show you this in a moment. It is like the ocean. You jump into the ocean, and you got to go down 12,000 feet and it is pitch black, dark. You know why? The water filters out the light. That deep right now filters out the light and the cosmic rays that come down through that water and come out into the second heaven and makes things they way that God wants them to be. But when Christ comes back and establishes His government (Isaiah 9:6-7), look at Revelation 21:23

23. And the city had no need of the sun, neither of the moon, to shine in it: for the glory of God did lighten it, and the Lamb [is] the light thereof.

You know why? Because in Revelation 21:1 he tells you that when Christ comes back there is no more deep. He takes it away.

And I saw a new heaven and a new earth: for the first heaven and the first earth were passed away; and there was no more sea. Revelation 21:1

When God establishes His government, the glory of God comes down through the whole second heaven. You don't need the sun and the moon anymore. Do you see all this is laid out by what God created (Romans 1:20). I will be the first to tell you I don't even pretend to understand it all, but I see the context. I see where it is going. You can't miss what the Bible does give you to put together. Even though maybe you can't get it all down the way you would like to get it down, but all through eternity, that is God's plan (Isaiah 9:6-7). We will see the glory of God permeating the second heaven once that water is gone and how it lights up everything to God's glory.

VIII. Summary

I am going to leave you with this. Going back to our trip to Mars. This is why man will never get into deep space. There are two key reasons why he will never do this. Cosmic rays and solar radiation. First of all, let's look at the psychological impact. Our astronauts after just a few days in space suffered from bad depression, mental breakdown, stress, sadness, confusion. They have to basically learn to walk again, and they are up there less than a year. Here is the problem. God intended man to live on Earth. He never gave him dominion over outer space. When you are there, you are in another whole world that is unforgiving, uncompromising. Where God never intended man to be in. When you go there you lose the presence of Earth and time. It starts to affect your body. Cosmic rays, solar rays permeating through your body. You know the astronauts would come back, and they would say that they saw lights flashing all the time. When they investigated, you know the light that they saw? It was the cosmic radiation going through their brains that they thought they saw lights. Psychologically, it is a disaster in outer space.

Physical issues. In outer space bones and muscles will break down 1% a month. Your heart begins to shrink. Women in space lose their menstrual cycle. Long periods in space through

cosmic radiation will destroy the brain cells by 40%. God made man and gave him dominion over the three things on Earth. You get up there, you are in a place where there is no time, there is no up or down. There is no left or right. In a world built around something that God never intended man to live by. The cosmic rays rain down on every planet. No protection. A trip to Mars, Mr. Musk, would take us at least two to three years depending on when you are launched by opposition of the planet to Earth. Of course, you are not going to go to Mars and sit down there and wait twenty minutes and head back. You would be there at least a year. Two or three years of cosmic radiation on the human body, you would be a vegetable. The only answer that works would be to encase you in a thing of solid lead. But a spaceship of solid lead would never get off the ground. The bottom line is Genesis 1:27-28. God never gave man dominion over outer space, the second heaven. I don't know how it all works, but the patterns are clear. Who God is, is clear out of Romans 1:20, Malachi 4:2 and Hebrews 11. You can't get around it. But the pattern is set and the universe and the second heaven filled with God's glory and power which right now was blocked out by the water. But it will be taken away.

Have you ever noticed this? We as human beings we get transfixed on three things. The first one is the ocean. You can sit there on the seashore and watch the ocean. You can see the vastness of nothing on the other side. The waves rolling in and rolling out. The birds flying over that ocean. You can sit there for hours and just lose yourself in watching that ocean.

The second one is mountains. You can go up to Colorado, or you go to places where mountains are the most majestic things on the planet. People can sit there and watch those mountains and lose themselves in them. They are so beautiful and majestic.

The third one is fire. Who hasn't sat at a campfire? Just staring into that fire. Listening to those embers crack. Just stand there and daydream into that fire and watch those flames flicker. Watch it burn. Those three things will catch man's attention all the time. You know why? You know why he looks at the ocean? God has a deep up there and if you are saved, you are going to go up through it. The mountains, that is Hebrews 8, spiritual Mount Zion on the sides of the North, and the fire. If you don't figure the first two out and find Christ as your own personal savior, every time you go camping and you look into that fire, you are seeing your destiny, the lake of fire.

Psalms 19 says it all. You have enough to put it all together to get a basic understanding of it. I want my people to know their Bible. I am not interested in you just knowing a bunch of things about the Bible. I want you in time, in your life, to go to any book, chapter, verse and lay that thing out doctrinally, inspirationally and historical. I want you to be able to lay out the end times, the beginning of time, the middle of the times. I want you to understand the world we live in and how it relates back to the Bible. **It all comes down to where you put the investment for your life.**
